What are we to believe and whom should we trust?

Disinformation and You Identify Propaganda and Manipulation

Marie D. Jones

We live in an age of disinformation, misinformation, and outright lies. The modern world blasts us with information, talking points, spin, advertising, and attempts to persuade. This useful book provides helpful suggestions and tips for identifying disinformation and fighting back against manipulation and censorship. The tools and methods of propaganda are dissected. The history of propaganda and disinformation are examined. It will help you spot and counter the seductive and deceptive tactics to influence your behavior. So, get on the bandwagon with the rest of us decent folk and stop listening to fools. After all, two out of three people have seen their IQ scores rise by buying this book! Really, buy this book and be smarter (in recognizing propaganda, that is).

Marie D. Jones is the author of over fifteen nonfiction books on the paranormal, conspiracies, ancient knowledge, unknown mysteries, and cutting-edge science, including Visible Ink Press' *Earth Magic*; *Celebrity Ghosts and Notorious Hauntings*; and *Demons, the Devil, and Fallen Angels*. She is a regular contributor to *New Dawn Magazine*, *FATE*, and other periodicals. Jones has been interviewed on over a thousand radio shows worldwide, including *Coast-to-Coast AM*, and has appeared on History Channel's *Ancient Aliens*. She makes her home in southern California.

The power of God's words and the human frailties of interpretation

Censoring God The History of the Lost Books (and other Excluded Scriptures)

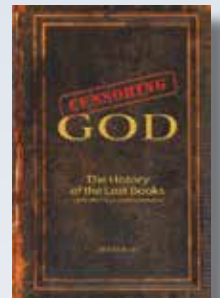

James Willis

There are more than fifty books, some of which exist only in fragments while others are complete and whole, that are not included in the biblical canon. Why were they discarded? Most Protestant denominations settled on 66 canonical books of the Bible, while there are 73 for Roman Catholics and 78 for Eastern Orthodox adherents. Why were texts considered sacred by many, excluded by others? Ordained minister and theologian Jim Willis examines the historical, political, and social climates that influenced the redactors and editors of the Bible and other sacred texts in this fascinating read. In analyzing why texts were censored, he uncovers sometimes surprising biases. He investigates enigmatic hints of Bible codes and ancient wisdom that imply a greater spiritual force might have been at work. He explores the importance of the Book of Enoch, its disappearance, and how it was rediscovered in Ethiopia. He analyzes over two dozen excluded texts, such as Jubilees and the Gospel of Thomas, along with the many references to books that we know about from fragments but that remain lost.

Jim Willis earned his master's degree in theology from Andover Newton Theological School, and he has been an ordained minister for over forty years. He has also taught college courses in comparative religion and cross-cultural studies. His background in theology and education led to his writing twelve books on religion, the apocalypse, cross-cultural spirituality, and the mysteries of the unknown. His books include Visible Ink Press' *Hidden History*, *Lost Civilizations*, *Ancient Gods*, and *Supernatural Gods*. Willis resides in the woods of South Carolina with his wife, Barbara.

A deep dive into the terrifyingly true faces of evil!

Serial Killers The Minds, Methods, and Mayhem of History's Notorious Murderers

They prey on the innocent with a malicious desire to inflict damage and harm. They hunt and stalk unfortunate victims in the dark, in broad daylight, in quiet neighborhoods, and in the local woods. Their blood thirst isn't satisfied after their first kill. Or their second. Or third. This chilling book looks at the horrifying stories of forty malevolent killers and hundreds of innocent victims, including such notorious homicidal maniacs as John Wayne Gacy, Ted Bundy, and Jeffery Dahmer, but it also looks at lesser-known and overlooked murderers like Herbert Baumeister, America's I-70 Strangler; Japan's "Anime Killer," Tsutomu Miyazaki; Russia's "Rostov Ripper," Andrei Chikatilo; the "Giggling Granny," Nannie Doss; and many more. It journeys to 16th-century Scotland to meet a clan of cannibals whose existence is still debated by historians today, and to the fog-shrouded alleys of Whitechapel, London, where Jack the Ripper earned

his grisly namesake. Along the way, we'll meet the Dating Game Killer, the Milwaukee Cannibal, the Acid Bath Murderer, and other monsters.

Richard Estep is the author of twenty books, most of them in the field of paranormal nonfiction, including *The Haunting of Asylum 49: Chilling Tales of Aggressive Spirits*, *Phantom Doctors*, and *the Secret of Room 666*. He is a regular columnist for *Haunted Magazine*. He appears regularly on the TV shows *Haunted Case Files*, *Haunted Hospitals*, *Paranormal 911*, and *Paranormal Night Shift*. British by birth, Richard now makes his home a few miles north of Denver, Colorado, where he serves as a paramedic and lives with his wife and a menagerie of adopted animals.
