INTRODUCTION *xi*

ACKNOWLEDGMENTS *xiii*

## DETAILS OF GEOLOGY... 1

Studying the Earth ... History and Geology  
... Famous Geologists

## MEASURING THE EARTH... 13

Views of the Earth ... The Earth in Numbers  
... Keeping Track of Time ... Out in the Field

## THE EARTH IN SPACE... 35

The Earth and the Universe ... Forming the  
Solar System ... The Earth's Early Crust ...  
The Earth and the Sun ... Mother Earth,  
Daughter Moon ... The Earth and Small  
Space Debris ... Right Place for Life

## THE EARTH'S LAYERS... 59

The Inside Story ... Crust, Mantle, and Cores  
... Seismography and Earthquakes ... Moving  
Continents and Plate Tectonics

## ALL ABOUT MINERALS... 81

Mineral Forms ... Details of Crystallography  
... A Closer Look at a Few Common Minerals  
... Gems Galore

## ROCK FAMILIES... 111

Rock Divisions ... Familiar Rocks ... Mining  
Mines

## FOSSILS IN THE ROCKS... 139

Fossil History ... Forming Fossils ... Dating  
Fossils ... Dinosaur, Human, and Other  
Famous Fossils

## FOSSIL FUELS... 161

Fossil Fuels Basics ... Oil (Petroleum)  
Products ... Exploring Natural Gas ...  
Digging for Coal ... Present Problems, Finite  
Future

## WEARING AWAY THE EARTH... 183

Surface Wear ... Mass Wasting ... Wind-  
Blown Sands and Deserts ... Soils

## BUILDING MOUNTAINS... 203

How Mountains Form ... Mountain History  
... Mountain Evolution ... Well-Known  
Mountains and Ranges

## GEOLOGY AND WATER... 217

Water Statistics ... Rivers and Streams ...  
Lakes and Groundwater ... Flooding Waters

## ICE ENVIRONMENTS... 239

Icy Features ... Glaciers ... Glacial Features  
... Ice Sheets ... Ice Ages

## EXAMINING EARTHQUAKES... 265

Earthquake History ... Earthquakes Defined  
... Measuring Earthquakes ... The Risks and  
Damage from Earthquakes ... Famous Faults  
and Earthquakes

## VOLCANIC ERUPTIONS... 291

Volcano History ... Volcanoes Defined ...  
Underwater Volcanoes ... Measuring  
Volcanoes ... Volcanoes around the World

## EXPLORING CAVES... 317

Rocking Underground ... Caves Described ...  
Other Caves ... Common Cave Features ...  
Caving the Easy Way

## GEOLOGY AND THE OCEANS... 331

Describing the Oceans ... Ocean Tides ...  
Along the Shore ... Beyond the Shore ... The  
Deep Oceans ... Global Warming, Oceans, and  
Geology

## GEOLOGY AND THE SOLAR SYSTEM... 353

Makeup of the Solar System ... Impacts  
Everywhere ... How Earth Is Similar to Other  
Planets ... How Earth Differs from Other  
Planets

## PROMINENT GEOLOGICAL FEATURES IN THE EASTERN UNITED STATES... 371

Glacial Phenomena ... Mountains ... Big Rivers, Big Waters ... Off the Coast ... Fault Zones

## PROMINENT GEOLOGICAL FEATURES IN THE WESTERN UNITED STATES... 389

Mountains ... Western Hot Spots ... Big Rivers, Big Waters ... Open Spaces ... Fascinating Morphology ... Fault Zones

## PROMINENT GEOLOGICAL FEATURES IN THE NORTHERN HEMISPHERE... 407

Glacial Features ... Mountains ... Volcanics ... Evidence of Earth Movements ... Big Waters, Big Rivers ... Plateaus and Deserts ... Other Features

## PROMINENT GEOLOGICAL FEATURES IN THE SOUTHERN HEMISPHERE... 427

Mountains ... Volcanics ... Glaciers and Ice ... Big Waters, Big Rivers ... Off the Coast ... Other Features

## GEOLOGY RESOURCES... 441

Getting Started ... Collecting Rocks, Minerals, and Fossils ... Visiting Geology ... Geological Organizations and Societies ... Geology Careers ... Geology Magazines and Books ... Geology Museums ... Other Geology Resources ... Surfing the Internet
